WEB PAGE

Web page for IV054 for copies of lectures and exercises is
http://www.fi.muni.cz/usr/gruska/crypto04

EXERCISES

- Exercises will be posted at the IVO54 web page (almost) always on Tuesdays at 18.00.
- Solutions have to be emailed to IV054@fi.muni.cz till 24.00 on Tuesday, two weeks after they are posted.
- Exercises should be sent as postscript files or text files, but not doc-files.
- Special points will be given to:
  - the first 4 of those who sent solutions;
  - those who write solutions in English;
  - those who sent solutions as ps-files or pdf.files;
  - Those with a very interesting solution and those that discovere some error(s) in formulation of exercises or in lecture texts.
- For more details concerning exercises see the web page http://www.fi.muni.cz/~ xbouda1.
- Cheating: In case of cheating the final grade for course will be F.

EXAMS

- First 10% of those with thye most of the points get automatically B for exam and to get A they need to answer only one out of 5 questions at the exam.
- Next 15% will have to choose 2 out of 5 questions.
- Next 15% will have to choose 3 out of 5 questions.
- Next 10% will have to choose 4 out of 5 questions.
- All others will have to choose 5 out of 5 questions and, likely, to solve some of exercises presented during the semester.

The above rules hold for the first exam of everybody. At each next exam the number of questions that need to be answered will be increased by 1 up to five.

ZÁPOČET

To obtain "zápočet" 50% of points need to be obtained from exercises, or 2 out of 5 questions have to be answered at the exam. ,
