# Grand scheme of things

Your Institute
Grand scheme of things

Grand scheme of things

HPC is:

- Huge computing power
- Expensive toy
    - → Complicated Access
    - → Rules, Fair Using Policy
    - → Jobs, Planning

Outline:

1) Obtain access keys
2) Setup access profile
3) Manage jobs
4) Write "parallel macros"

High Performance Computing Center
(HPC)
