The Ruzenka: Story of the Flower

Some IBM stories come from
the lab; others start in the
field...

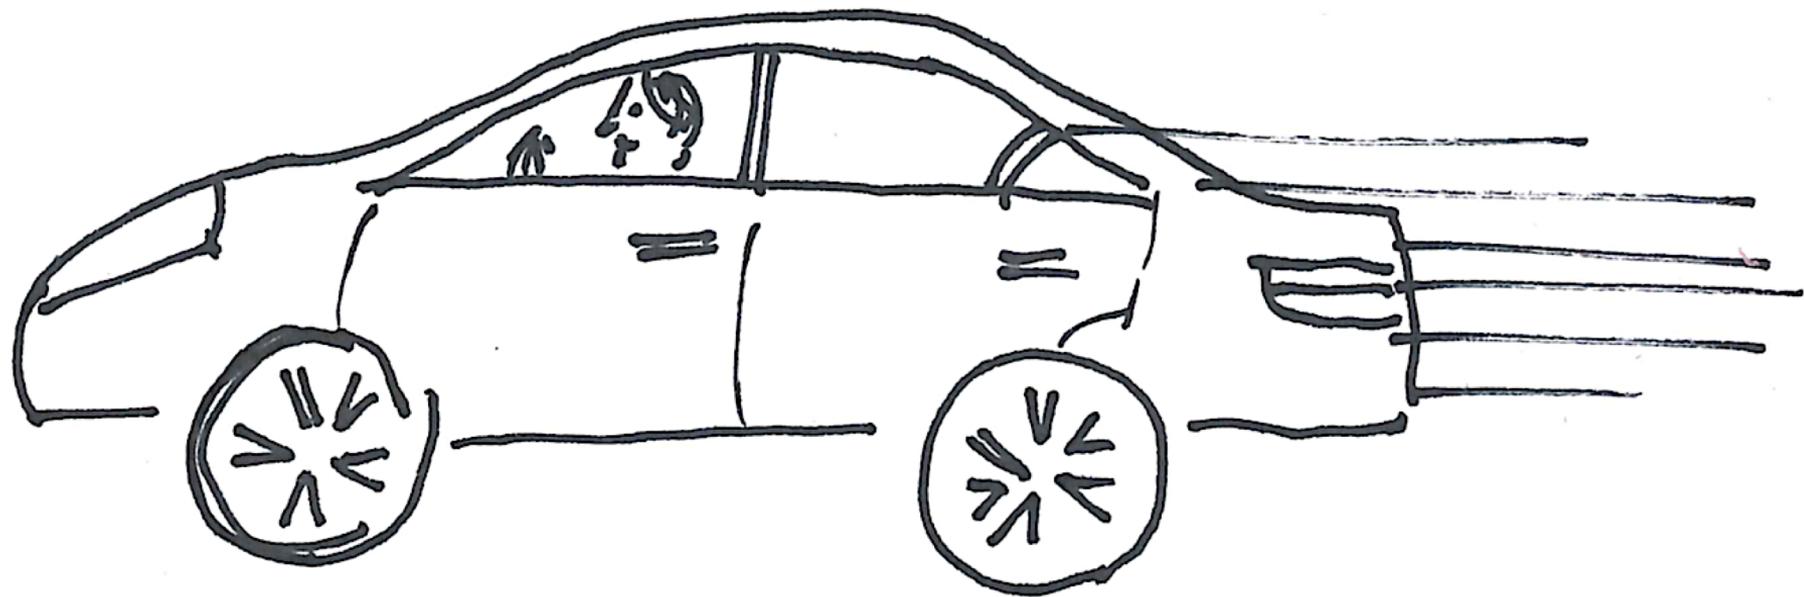

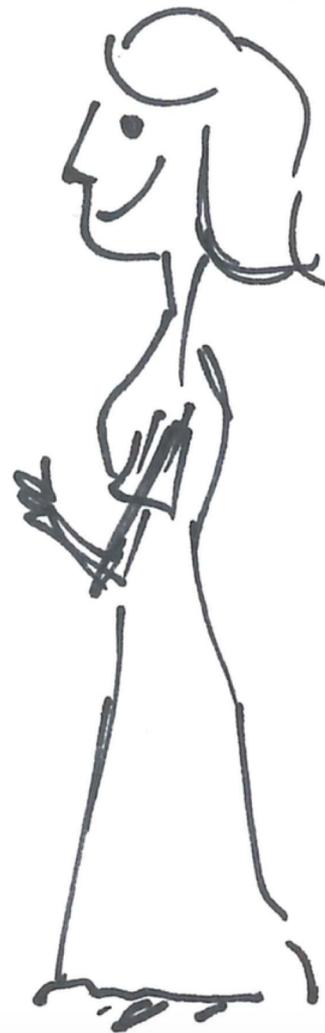

What's
the point?

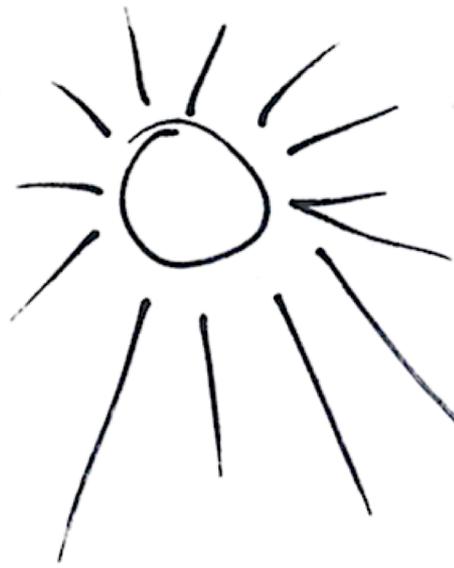

Commerce

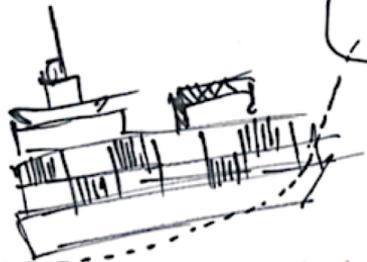

Intelligent
engagement with
customers, partners
and suppliers

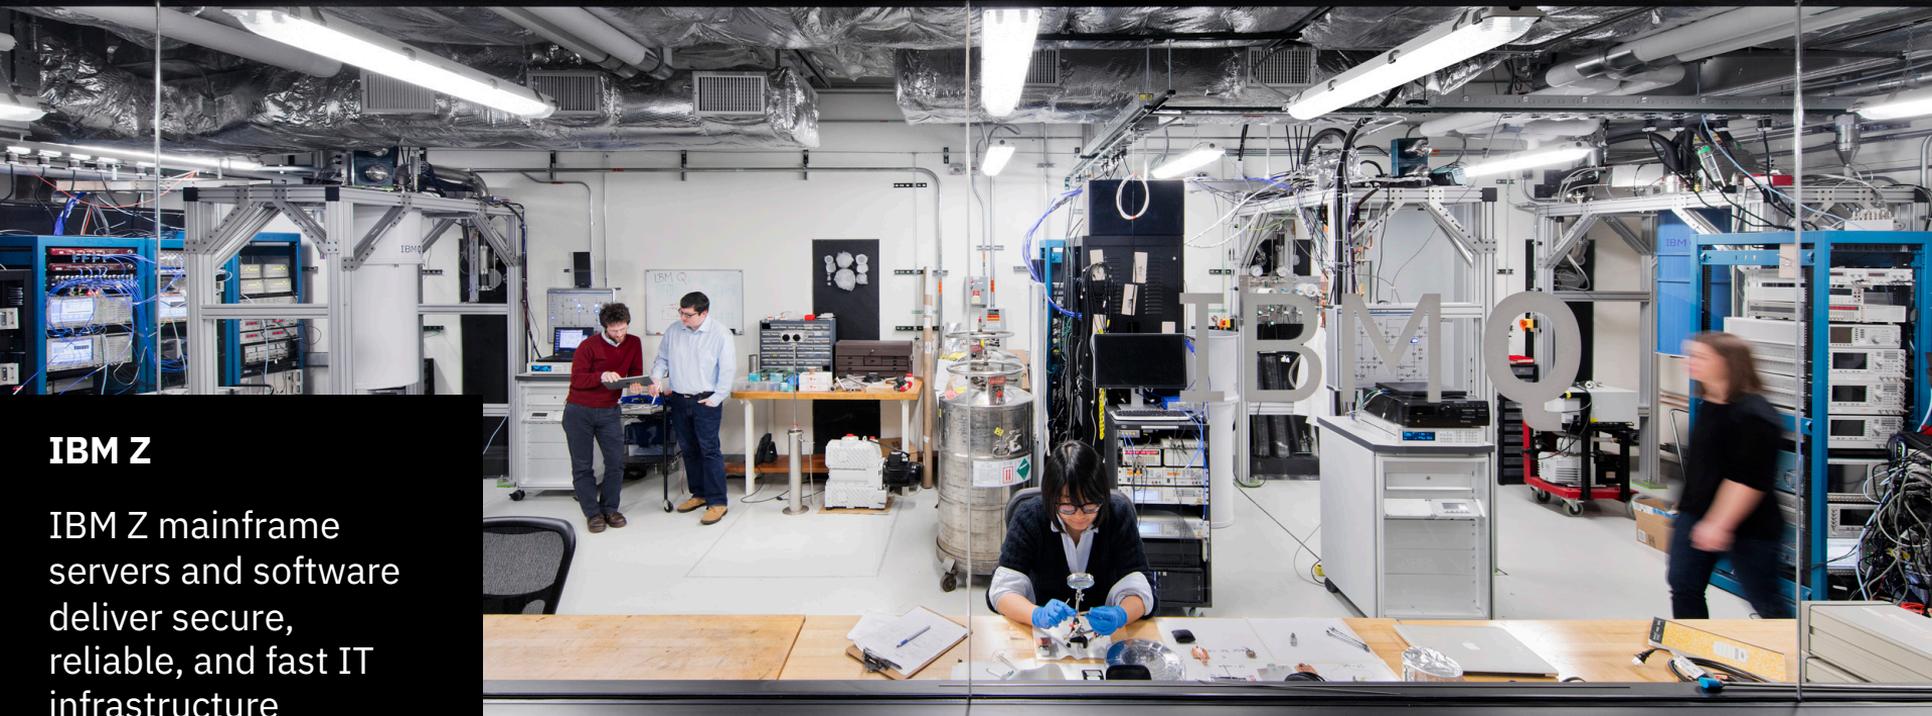

The Weather Company

Business solutions
based on weather data
for better decision-
making.

IBM Z

IBM Z mainframe servers and software deliver secure, reliable, and fast IT infrastructure

Security

Enterprise security intelligence and expertise in one framework

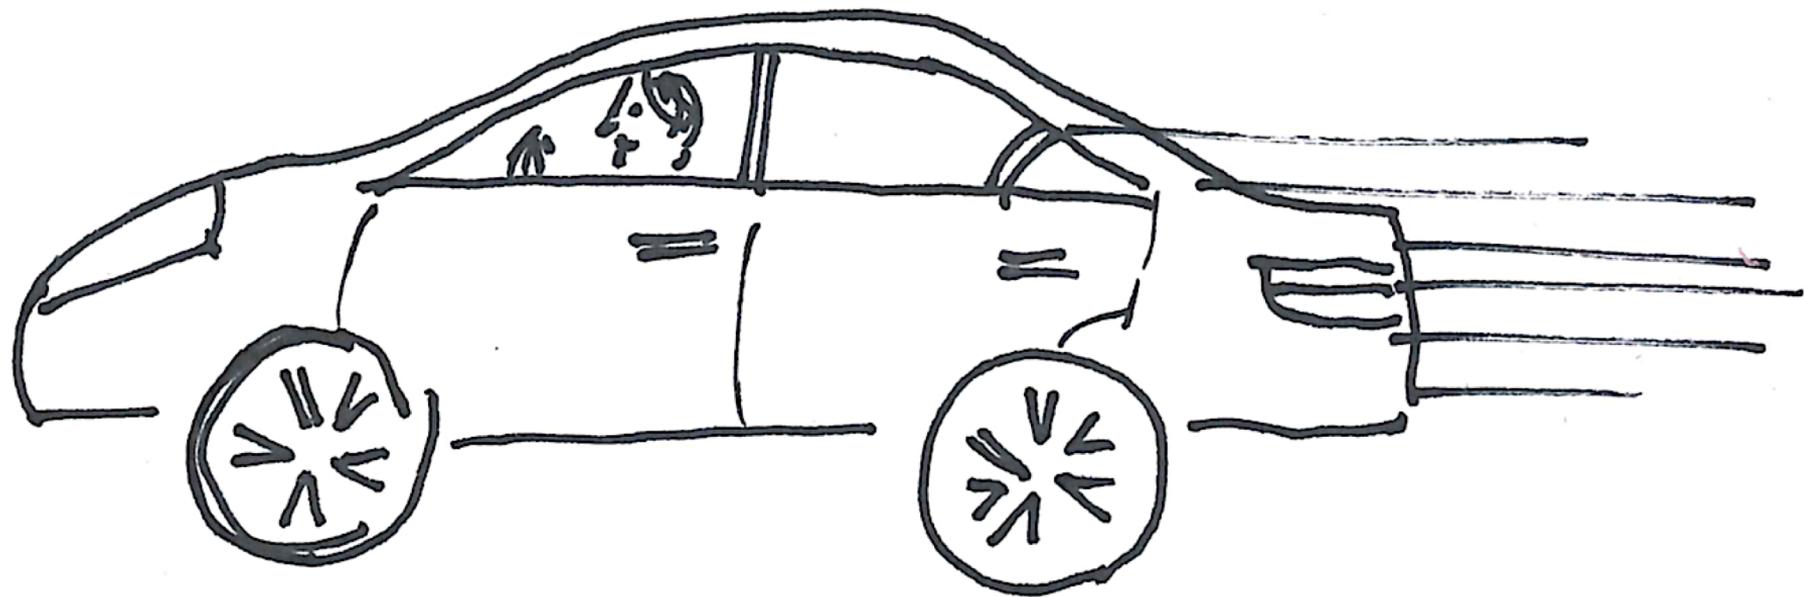

Blockchain & IBM Cloud

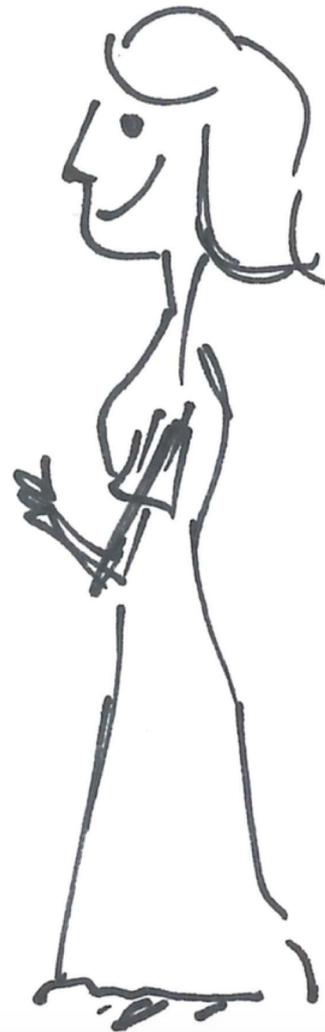

Shared, immutable ledger for recording the history of transactions. Not only this is running on IBM Cloud.

MobileFirst

Enterprise mobility solutions deliver a complete environment to develop apps and enable engagements.

This would not happen
without IBMers from the
South Moravian region
