Produkt Kentico

The screenshot displays the Kentico Applications dashboard for a user named 'Dancing Goat'. The interface features a dark sidebar on the left with a search bar and a list of application categories: Content management, On-line marketing, E-commerce, Social & Community, and Development. The main area is a grid of application tiles. A prominent blue 'Welcome to Kentico' message is shown in the top-left of the grid, providing instructions on how to use the dashboard and offering links to 'Browse all applications' and 'Open help'. The grid contains 28 tiles, each with an icon and a label: CSS stylesheets, Custom tables, Debug, Email queue, Event log, Forms (with a counter of 0 and the text 'Forms submitted in the last 7 days'), Licenses, Media libraries, Modules, Page templates, Page types, Pages, Permissions, Roles, Scheduled tasks, Settings, Sites, System (with a counter of 30 and the text 'Minutes since the last restart'), UI personalization, Users, Web parts, and Widgets.

Kentico Cloud

The screenshot displays the Kentico Cloud CMS interface for editing an Article content type. The top navigation bar includes the site name "kenticocloud.com", the current content type "Content types > Article", and the user name "Waldo M.". A red "Save" button is located in the top right corner of the editing area.

The main editing area is divided into three content elements:

- Text:** Labeled "Title", with a subtext "Write optional guidelines for this field".
- Rich text:** Labeled "Body copy", with a subtext "Write optional guidelines for this field".
- Asset:** Labeled "Teaser image", with a subtext "Write optional guidelines for this asset" and a descriptive note: "You can include various assets as part of a Content entry. You will be able to upload them via this content element."

On the right side, there are two panels for selecting content elements:

- CONTENT ELEMENTS:** A list of available content types: Text, Rich text, Number, Date & time, Asset, and Modular content.
- AUXILIARY ELEMENTS:** A list of auxiliary content types: Guidelines and Taxonomy.
