

TID	Položky				
100	1	3	4		
200	2	3	5		
300	1	2	3	5	
400	2	5			

$X \rightarrow Y$

$$\text{sup}(3 \rightarrow 5) = 2/4 = 0.5$$

$$\text{conf}(3 \rightarrow 5) = 2/3 = 0.\bar{6}$$

$$\text{conf}_{(X \rightarrow Y)}^X = \text{sup}(X \cup Y) / \text{sup}(X)$$

$$= (2/4) / (3/4) = 2/3 = 0.\bar{6}$$
